## THE OFFICIAL UNIVERSITY MACE

---

Sculptor Jeanne L. Stevens-Sollman of Bellefonte, Pennsylvania, designed and crafted the mace and presidential chain of office used in Iowa State University’s formal academic ceremonies. The complementary pair of bronze and silver ceremonial items are on display in the Alumni Center as part of University Museums’ Art on Campus collection.

The mace symbolizes the authority of the university president. The chief faculty marshal carries it at the head of the academic procession and, by placing it on its stand, signals the beginning of the ceremony.

Created in bronze, silver, and tiger maple, Iowa State University’s mace is an interpretation of the campanile. The bronze headpiece features two campus landmarks – the Campanile and Christian Petersen’s Fountain of the Four Seasons—and a silver presidential seal inscribed with “Iowa State University–Science With Practice.” The tiger maple staff bears bronze plaques inscribed with the names of all previous Iowa State presidents and their years of service. The mace is 60 inches long and weighs 14 pounds.

## THE PRESIDENTIAL CHAIN OF OFFICE

---

The presidential chain of office symbolizes the rich history and traditions of Iowa State University. It features an image of the Campanile on the front. On the back is a representation of Beardshear Hall, home to the president’s office. The columns of Beardshear form the shoulder epaulets, inscribed with “leadership” and “service.” The Campanile-inspired links in the presidential collar contain the words “engagement,” “learning,” “discovery,” and “access.” The reverse sides of the bronze sections feature low bas reliefs of corn.

The mace and first presidential chain of office (“Monile Praesidis Maximus”) was commissioned by University Museums and the ISU Alumni Association in 2008. The second presidential chain (“Monile Praesidis Secundum”), a proportionally smaller version commissioned by University Museums in 2018, was supported by an anonymous donor and Carole A. and Roger E. Custer.

## ACADEMIC REGALIA

---

In May 2008, Iowa State University debuted custom-designed doctorate regalia. The special commencement doctorate gowns were created with emblems and colors to reflect Iowa State's tradition and to complement Iowa State's hood. The fabric is cardinal red gabardine with

black velvet panels and chevrons edged with gold cording. The Campanile, a beloved symbol and university tradition, adorns the two front velvet panels. An eight-sided black velvet tam with a gold silk tassel completes the official regalia.

Academic gowns have been part of the university experience since the twelfth century and the advent of the first European universities. Because these early schools were connected to great cathedrals, the black gown of the schoolmasters, or

scholastics, emulated the somber dignity of the clergy and signified a life devoted to learning. In addition, the ample materials of the gown served to keep the scholars warm in the drafty environment of the medieval university.

A confusing array of caps, gowns, and hoods emerged from the centuries in Great Britain and from early years of higher education in the United States. American institutions recognized the need for a standard code and the great majority of academic costumes now worn in the United States are in accordance with the general provisions of the Intercollegiate Code of 1895. This code was slightly revised in 1932 and again in 1959. Under this code, the bachelor's gown has pointed sleeves; the master's gown has oblong

sleeves with an arc at the bottom; and the doctor's gown has bell-shaped sleeves.

The code dictates that bachelor's and master's gowns are untrimmed. However, the doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves.

The square shape of the scholar's cap or mortarboard is thought to denote the stability of scholars and their books. Candidates for advanced degrees wear black tassels. The following is a list of tassel colors for baccalaureate degree candidates:

Agriculture and Life Sciences – *Maize*

Business – *Drab*

Design – *Brown*

Engineering – *Orange*

Human Sciences – *Maroon*

Liberal Arts and Sciences

Bachelor of Arts – *White*

Bachelor of Liberal Studies – *White*

Bachelor of Music – *Pink*

Bachelor of Science – *Golden Yellow*

Veterinary Medicine – *Gray*

The hood gives color to the academic costume while its length indicates the wearer's academic degree. At Iowa State, hoods are worn by master's and doctorate degree recipients. Hoods were added to the official academic attire of master's degree recipients in May 2018. In general, hoods are made of a wide panel of black cloth, matching the gown and are lined with satin in the official academic colors of the institution awarding the degree.

Iowa State University's colors are cardinal and gold, therefore, the top half of the lining is gold and the lower part is cardinal. The colors used in the edging of hoods and tassels are associated with the discipline.

## HOODING CEREMONY, DOCTORATE DEGREES

---

The Doctor of Philosophy and Doctor of Education are the university's highest academic degrees, awarded only to those who have successfully completed an intensive and demanding course of study whose primary focus is on learning to conduct original research.

The final stage of the program is the preparation and defense of a dissertation that describes the outcome of a major research project. To prepare for that project, the student must have gained expertise and skills in a particular discipline and must have thoroughly explored its existing knowledge base. Those who receive doctorates have demonstrated that they are truly experts in their

fields whose research has contributed significantly to human knowledge.

The hooding ceremony symbolizes their admission to the exclusive ranks of those who have earned the respect associated with the title "Doctor of Philosophy" or "Doctor of Education." During the hooding ceremony, the degree recipients are escorted and hooded by their major professors who have worked with them throughout their study for the doctoral degree. The hoods will connect the graduate with a family of scholars throughout history and from all parts of the world.

## SPECIAL RECOGNITION, ADVANCED DEGREES

---

Candidates for graduation for the Masters, Ph.D., or Ed.D. may be recognized with the Teaching Excellence Award or the Research Excellence Award.

The Teaching Excellence Award recognizes those who provided outstanding contributions in teaching undergraduate students while working toward a graduate degree.

The Research Excellence Award recognizes those with outstanding research accomplishments in a graduate program.

Honorees for both awards wear cardinal and gold honor cords and are noted in this program as follows:

§ Research Excellence Award

†† Teaching Excellence Award

## SPECIAL RECOGNITION, UNDERGRADUATE DEGREES

---

Candidates for undergraduate degrees may be recognized for graduating “With Distinction” and/or graduating in the Honors Program. Levels of special academic achievement are indicated in the commencement program by Latin phrases, also known as Latin honors. This system is recognized internationally; however, the requirements vary among institutions. In the United States, Latin honors are most often awarded to those earning undergraduate degrees. Each academic institution sets its own standards and requirements for each honor.

At Iowa State University, candidates for graduation with distinction must have completed 60 semester credits of coursework at ISU at the time they graduate, including a minimum of 50 graded credits. Those graduating summa cum laude (with highest distinction) have earned a grade point average of 3.90 or higher; magna cum laude (with great distinction) have a grade point average of 3.70 to 3.89; or cum laude (with distinction) have a grade point average 3.50 to 3.69. Grade point averages are based on a 4.00 scale. In addition to the notation in

the commencement program, this recognition appears on the official transcript and diploma.

The University Honors Program is an individually planned program of study designed to provide greater depth and breadth of scholarship than the regular curriculum. Those graduating from the University Honors Program have designed and completed an individualized program of study, including an independent Honors Research Project, while earning a required minimum grade point average or better.

Students graduating with special recognition will wear a cord and/or medallion and will be noted in this program as follows:

\*\*\* Summa Cum Laude – with highest distinction  
(cardinal and gold cord)

\*\* Magna Cum Laude – with great distinction  
(gold cord)

\* Cum Laude – with distinction

### **Janette Thompson, Morrill Professor of Natural Resource Ecology and Management**

Jan Thompson is a Morrill Professor in Natural Resource Ecology and Management at Iowa State University. She leads courses that include forest biology,

urban forestry, fall forestry camp, field ecology research and teaching, natural resource policy and planning, problem solving and action planning in leadership, and biodiversity conservation in urban regions.

Dr. Thompson directs the Urban Natural Resources, Ecosystems and Landscapes laboratory (yes, that's UNREAL!) and works with

undergraduate and graduate researchers to investigate social, economic, and biophysical dynamics of land use in urban landscapes. Her research engages local stakeholders in examining opportunities for production of locally-grown table food in and near urban areas,

approaches to urban stormwater management and its influence on water quality and urban stream integrity, how urban trees and forests can enhance climate resiliency, the distribution of environmental burdens and benefits in cities, and the ecological integrity of forest ecosystems in Iowa's urban and rural landscapes.

Dr. Thompson is co-author with colleagues as well as undergraduate and graduate students of over 100 published journal articles and book chapters about urban natural resource research, and she has also published a number of articles focused on teaching and learning. She is active in service to her department, college, and university, and for professional organizations at local, state, regional, and national levels. She has received awards for her roles in both teaching and research.

Dr. Thompson earned a Bachelor of Science degree in forestry from Michigan Technological University and an Master of Science degree in agronomy and Doctor of Philosophy degree in forestry from Iowa State University.

## GRADUATE COLLEGE STUDENT MARSHAL

---

### **Daniel Austin McGinnis**

*Hometown: Freeport, Florida*

*Major: Mathematics*

Daniel joined the Graduate College in 2019 to pursue a doctorate in mathematics after earning a Bachelor of Arts degree from New College of Florida.

Daniel's doctoral scholarship focused on geometry, specifically geometric transversal theory. He contributed to the solution for a conjecture, which was an unproven presumption that had been unsolved for 30 years, and improved a bound, the maximum that a certain geometric value could be, that had not been improved for 20 years.

Daniel has published 10 research papers in academic journals, as well as others in peer review. He has also gained valuable experience at Iowa State University by teaching Math 160 (Survey of Calculus) and assisting with the instruction of several other math courses.

While at Iowa State, Daniel received the Graduate College Research Excellence Award, the Miller Family Research Excellence Award, and the Aggie Ho Research Award. Additionally, his exceptional performance led to invited visits to collaborate with scholars in South Korea and Germany.

Daniel was selected to receive a prestigious Mathematical Sciences Postdoctoral Research Fellowship from the National Science Foundation, and he plans to begin a postdoctoral appointment at Princeton University.

# GRADUATE COMMENCEMENT VOCALIST AND DIRECTOR OF BANDS

---

## **Karlee Nelson, Graduate Commencement Vocalist**

Karlee Nelson is from Des Moines, IA, and is graduating this spring with a major in vocal music education and a minor in psychology.

Throughout her time at Iowa State University, Karlee has been a member and leader of multiple student organizations; She served as the president of the Iowa State Singers, the secretary of the choir, and the co-president of the Iowa State Music Student Representative Council. Karlee was a student conductor for two madrigal concerts, and a music history

teaching assistant for multiple semesters.

Outside of leadership roles, she has enjoyed various performance opportunities as a classical soprano singer. She was a winner of the 2024 Fort Dodge Symphony Young Artists competition, the featured soprano in Gabriel Fauré's Requiem for the 2023 Ames Good Neighbor Concert, and a semi-finalist for the National Association of Teachers of Singing 2023 Central Region competition.

Karlee will begin teaching music in Ankeny this fall and, after beginning her teaching career, she looks forward to pursuing a master's in music. Karlee values all aspects of music, and she is grateful that Iowa State helped her develop both her education and performance careers during her time as a student.

## **Dr. Michael Golemo, Director of Bands**

Michael Golemo has been the Director of Bands at Iowa State University since 1999. From 2005 to 2017, he also served as the Chair for the Department of Music and Theatre. In addition to conducting the Wind Ensemble and the Symphonic Band, he teaches courses in conducting and oversees a program of eleven bands.

A native of Chicago, he received his Bachelor of Music Education and Master of Music degrees from Northwestern University. He completed his doctorate in wind conducting

at Michigan State University. He previously served as Assistant Director of Bands at The University of Akron (OH) and prior to that as Director of Bands at Albion College (MI).

With over 400 instrumental arrangements, transcriptions and compositions to his credit, Dr. Golemo has had works performed by a variety of performers and ensembles – from Carnegie Hall to Russia – including Wynton Marsalis, Anita Baker, Simon Estes, the Akron Symphony, and the Des Moines

Symphony. He has arranged music for high school and college marching bands and often writes for the Iowa State University "Cyclone" Marching Band. His music is published by Ludwig Music Publishers, Dorn Publications, Santa Barbara Music Publishers, Alliance Music Publishing, Daehn Publications, C.L. Barnhouse Publishing, Great Works Publishing, and Timeworks LLC.

Dr. Golemo stays active nationally and internationally as a guest conductor, clinician, and adjudicator. He has conducted all-state bands in Iowa, Nebraska, Louisiana, Idaho, and New Mexico. He has contributed articles to a variety of journals and publications including *The Instrumentalist*, *The Journal of the Association of Concert Bands*, *The Podium*, *The Journal of the North American Saxophone Alliance*, and *Teaching Music Through Performance in Band*.

He has received several notable awards, including the Iowa State University Alumni Association's Superior Service to Alumni Award, the Iowa State College of Liberal Arts and Sciences' Outstanding Achievement in Departmental Leadership Award, and Kappa Kappa Psi's Distinguished Service to Music Medal, which is that organization's highest honor. In 2021, he was awarded the distinguished title of University Professor at Iowa State.

# WHO IS CY?

---

## **Crayton Daniel Mitchell**

*Hometown: Urbandale, Iowa*

*Major: Industrial Design, Summa Cum Laude*

Cy, the university's mascot for more than 50 years, appears at hundreds of events, building enthusiasm for Cyclones everywhere, whether they include sporting events, the Iowa State Fair, or even wedding receptions. Cy was created in 1954 after a manufacturer of college souvenirs had difficulty producing a stuffed mascot costume that looked like a powerful type of wind. The school's pep club held a contest to determine what the mascot should be. The winning concept was Cy, referencing the name of the team, and a cardinal

bird to represent one of the school's official colors of cardinal and gold.

Students are chosen to be part of the Mascot Squad after grueling tryouts, but their actual names are secret for the duration of their Mascot Squad involvement. Starting with the Spring 2024 Commencement Ceremonies, the university is starting a new tradition: If one of the Mascot Squad members is graduating, he or she is encouraged to wear the mascot's feet as part of their academic regalia, announcing publicly the actual name of the student. Watch for those feet that are so famously Cy's during this ceremony.

When Crayton graduated from high school and started his adventure at Iowa State, he knew one thing for sure - that he wanted to become Cy! For him, being able to have fun and hype people up as Cy was a joy and an honor. The crowd's energy was such a blast. What he loved most about being Cy was all the experiences it provided; from leading the football team onto the field to cheering at March Madness, BYU, Las Vegas, etc. All of it was a joy. Thank you, Cyclone Nation.

### **Samantha Power, Administrator of United States Agency for International Development**

Samantha Power is the 19th Administrator of United States Agency for International Development (USAID), the world's largest bilateral development

agency with a global staff of over 11,000 across more than 100 countries.

As USAID Administrator, Power has led the Agency in prioritizing efforts to address some of the world's greatest development and humanitarian challenges, including climate change, the global food crisis, emerging threats to global health, and rising threats to

democracy and civil society. Power has also focused on advancing a series of reforms aimed at making USAID's work more inclusive and effective, and at extending the Agency's impact beyond its foreign assistance programs. Since 2021, USAID has taken a range of steps to significantly expand partnerships with local organizations, mobilize powerful new investments from nontraditional partners in the private sector, and better attract and retain talent that reflects the best of America. Additionally, Power is the first USAID Administrator to serve as a member of the National Security Council.

Prior to joining the Biden-Harris Administration, Power served as the 28th U.S. Permanent Representative to the United Nations from 2013 to 2017 under

President Obama. During her tenure at the UN, she rallied countries to combat the Ebola epidemic and ratify the Paris climate agreement, worked to negotiate and implement the ambitious Sustainable Development Goals, and helped catalyze bold international commitments to better support refugees.

From 2009 to 2013, Power served on the National Security Council staff as Special Assistant to the President and Senior Director for Multilateral Affairs and Human Rights, where she advised President Obama on issues such as supporting democratic governance, UN reform, LGBTQIA+ and women's rights, atrocity prevention, and efforts to combat human trafficking and corruption.

An immigrant from Ireland, Power began her career as a war correspondent in Bosnia, and went on to report from countries including Kosovo, Rwanda, Sudan, and Zimbabwe. She was the founding executive director of the Carr Center for Human Rights Policy at the Harvard Kennedy School, and from 2017 to 2021 was the Anna Lindh Professor of the Practice of Global Leadership and Public Policy at Harvard Kennedy School and the William D. Zabel Professor of Practice in Human Rights at Harvard Law School. Power is an author and editor of multiple books, and the recipient of the 2003 Pulitzer Prize for Nonfiction.

She holds Bachelor of Arts degree from Yale University and a Juris Doctor degree from Harvard Law School.

# SENIOR CLASS COUNCIL

---

The mission of the Senior Class Council (SCC), a committee of the Student Alumni Leadership Council (SALC), is to benefit and unite seniors through events and services while promoting an understanding of the Iowa State University Alumni Association. The 2023-2024 Senior Class Council is comprised of students who are dedicated to recognizing seniors for their many achievements.

The Senior Class Council plans a number of programs for seniors including both Fall and Spring Senior Weeks where students enjoy food on campus; the Senior Package, a gift set that included commemorative Iowa State items; and the Senior Send-off, a year-end event for seniors at the ISU Alumni Center to celebrate seniors' transitions to being alumni! The events that SCC plans and co-sponsors are intended to be both beneficial and enjoyable for seniors.

For more information on SCC and SALC programs, please visit [www.isusalc.org](http://www.isusalc.org).

### THE HISTORY OF "THE BELLS OF IOWA STATE"

Iowa State University Library  
Special Collections Department

James C. Wilson (1900-1995) was a member of Iowa State's English faculty from 1928 to 1931. He had to resign due to his lack of a Ph.D., and prior to his departure, he submitted a college song candidate for a song contest sponsored by the Iowa State Club of Chicago.

Jim and his wife, Alice, moved to Chicago where as he notes, "We (in addition to their two babies) had \$212 in cash from my last paycheck, our five-year-old Chevrolet, and the tent." He won first place with "The Bells of Iowa State," and the family was able to purchase a small cottage on Lake Michigan.

"When I wrote 'The Bells of Iowa State,' I thought then that it had much more depth and emotion than your basic football fight song," Wilson said. "Its continuing popularity leaves me very pleased, not so much because it's my own song, but because it has had such a good effect on those who have been touched by it." (The Iowa Stater, June 1983)
