

Dear Iowa State University Graduates and Guests:

Congratulations to all of the Spring 2017 graduates of Iowa State University!

We are very proud of you for the successful completion of your academic programs, and we are pleased to present you with a degree from Iowa State University recognizing this outstanding achievement. We also congratulate and thank everyone who has played a role in the graduates' successful journey through this university, and we are delighted that many of you are here for this ceremony to share in their recognition and celebration.

We have enjoyed having you as students at Iowa State, and we thank you for the many ways you have contributed to our university and community. I wish you the very best as you embark on the next part of your life, and I encourage you to continue your association with Iowa State as part of our worldwide alumni family.

Iowa State University is now in its 159th year as one of the nation's outstanding land-grant universities. We are very proud of the role this university has played in preparing the future leaders of our state, nation, and world, and in meeting the needs of our society through excellence in education, research, and outreach. As you graduate today, you are now a part of this great tradition, and we look forward to the many contributions you will make.

I hope you enjoy today's commencement ceremony. We wish you all continued success!

Sincerely,

A handwritten signature in black ink that reads "Steven Leath". The signature is written in a cursive, flowing style.

THE OFFICIAL UNIVERSITY MACE

The Iowa State University mace symbolizes the authority of the university president. The Chief Faculty Marshal carries it at the head of the academic procession and, by placing it on its stand, signals the beginning of the commencement ceremony.

In medieval times, the mace was a studded, clublike weapon, made of iron. It was capable of breaking armor, and was associated with the protection of kings in France and England.

In the 13th century, it was used for civil purposes and processions. Eventually it became a symbol for academic institutions, an emblem of order and authority in the pageantry.

Created in bronze, silver and tiger maple, the Iowa State University mace incorporates important campus icons such as the campanile located on central campus and the Fountain of Four Seasons, located on the north side of the Memorial Union and features likenesses of four Native American women. The sculptures were created in 1941 by Christian Petersen, sculptor-in-residence from 1934-1955.

The mace's bronze headpiece is an interpretation of the campanile. It includes a silver presidential seal and reflects in a disc representative of the Fountain of the Four Seasons. The words "Iowa State University – Science With Practice" are inscribed on the edge of the disc. Under the disc is a shortened version or reflection of the campanile headpiece.

The tiger maple staff bears 14 bronze plaques inscribed with the names of all previous Iowa State presidents, their years of service, and a laurel leaf symbolizing the attainment of graduation.

At the staff's base is an unfolding bronze leaf symbolizing the beginning of a new era for graduating students. The overall height of the University mace is 60 inches, and it weighs 14 pounds.

Sculptor Jeanne L. Stevens-Sollman of Bellefonte, Pennsylvania designed and crafted the Iowa State University mace.

Private funds from the ISU Alumni Association's Circle of Former Presidents, Chairs, and Executive Directors, the Stanton Carillon Foundation, and the University Museums made the design and purchase of the Iowa State University mace possible.

THE PRESIDENTIAL CHAIN OF OFFICE

The presidential chain of office symbolizes the rich history and traditions of Iowa State University and is worn by the president at all commencement ceremonies.

It was first worn by President Gregory Geoffroy during the Spring 2008 commencement ceremonies to mark the end of Iowa State University's year-long sesquicentennial celebration.

Created by sculptor Jeanne L. Stevens-Sollman—the same artist

who created Iowa State's mace—the presidential chain of office complements the mace. The two pieces

were commissioned by University Museums and the ISU Alumni Association and are part of University Museums' Art on Campus collection.

The front of the presidential chain of office features an image of the campanile, and Beardshear Hall's east portico (the campus home of the president) is on the back. The shoulder epaulets are the columns of Beardshear and contain the words Leadership and Service. The campanile links in the presidential chain of office contain the words Engagement, Learning, Discovery, and Access. The reverse sides of the bronze sections have low bas-reliefs of corn. Most pieces in the necklace are bronze. The seal in the center of the campanile and the links in the necklace are sterling silver.

Both the presidential chain of office and the mace are housed in the alumni center and are used at each commencement ceremony.

ACADEMIC REGALIA

In May 2008, Iowa State University debuted custom-designed doctorate regalia. The special commencement doctorate gowns were created with emblems and colors to reflect Iowa State's tradition and to complement Iowa State's hood. The fabric is cardinal red gabardine with black velvet panels and chevrons edged with gold cording. The Campanile, a beloved symbol and university tradition, adorns the two front velvet panels. An eight-sided black velvet tam with a gold silk tassel completes the official regalia.

Academic gowns have been part of the university experience since the twelfth century and the advent of the first European universities. Because these early schools were connected to great cathedrals, the black gown of the schoolmasters, or scholastics, emulated the somber dignity of the clergy and signified a life devoted to learning. In addition, the ample materials of the gown served to keep the scholars warm in the drafty environment of the medieval university.

A confusing array of caps, gowns, and hoods emerged from the centuries in Great Britain and from early years of higher education in the United States. American institutions recognized the need for a standard code and the great majority of academic costumes now worn in the United States are in accordance with the general provisions of the Intercollegiate Code of 1895. This code was slightly revised in 1932 and again in 1959. Under this code, the bachelor's gown has pointed sleeves; the master's gown has oblong sleeves with an arc at the bottom; and the doctor's gown has bell-shaped sleeves.

The code dictates that bachelor's and master's gowns are untrimmed. However, the doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves.

HOODING CEREMONY, DOCTOR OF PHILOSOPHY

The Doctor of Philosophy is the university's highest academic degree, awarded only to those who have successfully completed an intensive and demanding course of study whose primary focus is on learning to conduct original research.

The final stage of the program is the preparation and defense of a dissertation that describes the outcome of a major research project. To prepare for that project, the student must have gained expertise and skills in a particular discipline and must have thoroughly explored its existing knowledge base. Those who receive doctorates have demonstrated that

The square shape of the scholar's cap or mortarboard is thought to denote the stability of scholars and their books. Candidates for advanced degrees wear black tassels. The following is a list of tassel colors for baccalaureate degree candidates:

Agriculture and Life Sciences – Maize
Business – Nugget
Design – Brown
Engineering – Orange
Human Sciences – Maroon
Liberal Arts and Sciences
Bachelor of Arts – White
Bachelor of Liberal Studies – White
Bachelor of Music – Pink
Bachelor of Science – Golden Yellow
Veterinary Medicine – Gray

The hood gives color to the academic costume while its length indicates the wearer's academic degree. At Iowa State, hoods are worn by doctorate degree recipients. In general, hoods are made of a wide panel of black cloth, matching the gown and are lined with satin in the official academic colors of the institution awarding the degree.

Iowa State University's colors are cardinal and gold, therefore the top half of the lining is gold and the lower part is cardinal. The colors used in the edging of hoods and tassels are associated with the discipline. For example, dark blue represents Philosophy and all hoods used in conferring the Doctor of Philosophy degree at Iowa State University are of dark blue edging.

they are truly experts in their fields whose research has contributed significantly to human knowledge.

The hooding ceremony symbolizes their admission to the exclusive ranks of those who have earned the respect associated with the title "Doctor of Philosophy." During the hooding ceremony, the degree recipients are escorted and hooded by their major professors who have worked with them throughout their study for the doctoral degree. The hoods will connect the graduate with a family of scholars throughout history and from all parts of the world.

SPECIAL RECOGNITION, ADVANCED DEGREES

Candidates for graduation for the Master's or Ph.D. may be recognized with the Teaching Excellence Award or the Research Excellence Award.

The Teaching Excellence Award recognizes those who provided outstanding contributions in teaching undergraduate students while working toward a graduate degree.

The Research Excellence Award recognizes those with outstanding research accomplishments in a graduate program.

Honorees for both awards wear cardinal and gold honor cords and are noted in this program as follows:

- § Research Excellence Award
- †† Teaching Excellence Award

SPECIAL RECOGNITION, UNDERGRADUATE DEGREES

Candidates for undergraduate degrees may be recognized for graduating "With Distinction" and/or graduating in the Honors Program. Levels of special academic achievement are indicated in the commencement program by Latin phrases, also known as Latin honors. This system is recognized internationally; however, the requirements vary among institutions. In the United States, Latin honors are most often awarded to those earning undergraduate degrees. Each academic institution sets its own standards and requirements for each honor.

At Iowa State University, candidates for graduation with distinction must have completed 60 semester credits of coursework at ISU at the time they graduate, including a minimum of 50 graded credits. Those graduating summa cum laude (with highest distinction) have earned a grade point average of 3.90 or higher; magna cum laude (with great distinction) have a grade point average of 3.70 to 3.89; or cum laude (with distinction) have a grade point average 3.50 to 3.69. Grade point averages are based on a 4.0 scale. In addition to the notation in the commencement program, this recognition appears on the official transcript and diploma.

The University Honors Program is an individually planned program of study designed to provide greater depth and breadth of scholarship than the regular curriculum. Those graduating from the University Honors Program have designed and completed an individualized program of study, including an independent Honors Research Project, while earning a required minimum grade point average or better.

Students graduating with special recognition will wear a cord and/or medallion and be noted in this program as follows:

- * * * Summa Cum Laude - with highest distinction (cardinal and gold cord)
- * * Magna Cum Laude - with great distinction (gold cord)
- * Cum Laude - with distinction (cardinal cord)
- † Honors Program (medallion)

ADDITIONAL RECOGNITION, UNDERGRADUATE DEGREES

The George Washington Carver Scholarship and Academy is designed for high achieving multicultural students and supports their growth and academic success through specialized curricula and programming. The George Washington Carver Outstanding Achievement Award is granted to those scholars who have demonstrated involvement in a combination of activities such as outstanding community service and successful internships and who are graduating with a 3.5 grade point average or better. These scholars are wearing green stoles.

Iowa State University's Cardinal Key Honor Society, formed in 1926, recognizes students who have achieved the cardinal virtues of leadership, service, scholarship, and character in the university community. Undergraduates must be of junior or senior standing, have earned a minimum cumulative grade point average of 3.0 and be in the top 15% of their academic class. Membership is limited to no more than 1/2 of 1% of the senior class, and 1/3 of 1% of the junior class. These students are wearing two red cords intertwined with a single gold cord.

GRADUATE COLLEGE COMMENCEMENT SPEAKER

Catherine Kling, Charles F. Curtis Distinguished Professor of Economics

Catherine L. Kling, Charles F. Curtis Distinguished Professor of Economics, President's Chair of Environmental Economics, has served as Director of the Center for Agricultural and Rural Development at Iowa State University since 2013. She was elected to the National Academy of Sciences in 2015.

Kling has published nearly 100 refereed journal articles and books chapters which have

received over 8,000 (Google Scholar) citations. At Iowa State, she leads an interdisciplinary research group developing integrated assessment models related to agricultural land use, water quality and ecosystem service valuation which has received over \$7 million in funding from the National Science Foundation, the US Department of Agriculture, the Iowa Department of Natural Resources, and the US Environmental Protection Agency.

Kling's engagement in the policy process includes over ten years of service as a member EPA's Science Advisory Board, membership on the Water Science and Technology Board of the National Research Council and a member of five National Research Council studies. She served as president of the Association of Environmental and Resource Economists, has held editorial positions at ten economics journals, and has received seven awards from professional associations for her research including the Bruce Gardner Memorial Prize for Applied Policy Analysis by the Agricultural and Applied Economics Association. She is a Fellow of the Association of Environmental and Resources Economists, the Agricultural & Applied Economics Association, and a University Fellow at Resources for the Future.

COLLEGE OF VETERINARY MEDICINE COMMENCEMENT SPEAKER

Dr. Morgan McArthur, D.V.M., Professional Speaker

Dr. Morgan McArthur: Veterinarian. Speaker.
Worm enthusiast. Artist.

His veterinary journey has been interesting,
unconventional and rewarding.

Dr. McArthur graduated from Iowa State University as a Doctor of Veterinary Medicine (D.V.M.) in 1983. The veterinary degree was a ticket to pursue a dream - go west and practice in cowboy country. He was a clinician and partner in

predominantly large animal practices in Idaho for thirteen years.

Dr. McArthur's professional trajectory was profoundly affected in 1987. An aversion to public speaking prompted him to join Toastmasters International, an organization devoted to improving communication and leadership skills. McArthur committed himself to excellence and in 1994 he won the organization's World Championship of Public Speaking, out of an estimated 10,000 contestants.

That achievement opened new professional options and marked a transition from being a veterinarian who speaks to a speaker who is a veterinarian.

His talent for public speaking has taken McArthur around the world. In veterinary circles he has been a general session speaker at several large veterinary conventions and has lectured on communication skills at several veterinary schools.

Dr. McArthur relocated to New Zealand in 1996, taking the position of Research and Development Manager for Ancare NZ (now Merial Ancare). Ten years of collaborating with parasitology thought leaders in one of the world's worm hotspots gave McArthur an extraordinary education and a progressive perspective on practical parasitology.

Today Dr. McArthur lives in Wisconsin where he is a professional public speaker, works for the University of Wisconsin Extension, creates fine art photography and is a professional lettering artist. He is president of a charity art organization benefiting Children's Hospital of Wisconsin.

The versatility of the D.V.M. degree has given Dr. Morgan McArthur options that he never imagined when he was awaiting the handover of his diploma in 1983. Today he endeavors to live by a favorite quote: "Creativity is seeing what everyone else has seen and thinking what no one else has thought."

– A. Szent-Gyorgyi

UNDERGRADUATE COMMENCEMENT SPEAKER

AND

HONORARY DEGREE RECIPIENT, DOCTOR OF SCIENCE

Dennis Muilenburg, Chairman, President and CEO, The Boeing Company

Dennis A. Muilenburg is chairman of the board, president and chief executive officer of The Boeing Company.

Muilenburg, 53, oversees the strategic direction of the Chicago-based, \$94.6 billion aerospace company. With more than 150,000 employees across the United States and in more than 65 countries, Boeing is the world's largest aerospace company and top U.S. exporter. It is

the leading manufacturer of commercial airplanes, military aircraft, and defense, space and security systems; it supports airlines and U.S. and allied government customers in more than 150 nations.

Muilenburg became chairman of the board in March 2016, chief executive officer in July 2015 and president in December 2013.

Until July 2015, Muilenburg served as vice chairman, president and chief operating officer of Boeing, where he supported the company's aerospace business operations and focused on specific growth enablers, including important global relationships, leadership initiatives and development program performance.

Before that, Muilenburg served as president and chief executive officer of Boeing Defense, Space & Security (BDS).

Earlier, Muilenburg was president of BDS's Global Services & Support business, vice president and general manager of the Boeing Combat Systems division, and program manager for Future Combat Systems. Prior to that, he served as vice president of Programs & Engineering for Boeing Air Traffic Management and director of Weapon Systems for the proposed Boeing Joint Strike Fighter aircraft.

He also held program management and engineering positions on F-22, Airborne Laser, High Speed Civil Transport and the Condor reconnaissance aircraft, among others.

Muilenburg, who joined Boeing in 1985, spent the first 15 years of his career in the Puget Sound region of Washington, where he held a number of program management and engineering positions in support of both the commercial airplanes and defense businesses.

Muilenburg is a member of the board of directors of Caterpillar Inc., the U.S.-China Business Council, the Congressional Medal of Honor Foundation and FIRST (For Inspiration and Recognition of Science & Technology). He also is chairman of the Aerospace Industries Association (AIA) board of governors and is an executive committee member of Business Roundtable, an association of chief executive officers of leading U.S. companies. He also serves on the boards of trustees for the National World War II Museum and Washington University (St. Louis).

He is a fellow of the American Institute of Aeronautics and Astronautics (AIAA) and the Royal Aeronautical Society.

A native of Iowa, Muilenburg holds a bachelor's degree in aerospace engineering from Iowa State University and a master's degree in aeronautics and astronautics from the University of Washington.

UNDERGRADUATE COMMENCEMENT VOCALIST

AND

F. WENDELL MILLER DISTINGUISHED ARTIST IN RESIDENCE

Simon Estes

Simon Estes is an internationally acclaimed bass-baritone who has performed in the world's major opera houses and in special performances for U.S. presidents and international dignitaries such as

Boris Yeltsin, Yassar Arafat, Yitzhak Rabin, Nelson Mandela, and Archbishop Desmond Tutu. Since 2000, he has been a faculty member at Iowa State University, serving as the F. Wendell Miller Distinguished Artist-in-Residence with the Department of Music and Theatre, sharing

his incredible talents and musical knowledge with students and at numerous activities and events.

Estes rose from humble beginnings in Centerville, Iowa, the son of a coal miner and grandson of a slave, to become one of the world's most accomplished opera singers, paving the way for other African Americans in the classical world. He transferred from Centerville Junior College to the University of Iowa in 1957 and was there until he was accepted in the Juilliard School of Music in 1963. Estes has honorary doctorates from numerous colleges and universities, including one from Iowa State University.

In 1965 Estes made his operatic debut in *Aida* at the Deutsche Opera in Berlin. Among his more than 100 lead operatic roles have been the title role in *The Flying Dutchman* at Bayreuth, being the first male African American to sing a major role on stage there; the role of Porgy in the Metropolitan Opera's first production of Gershwin's *Porgy and Bess*; and the role of Amonasro in *Aida* with Leontyne Price as *Aida* in her "farewell performance" at the Met.

Estes is also internationally known for his humanitarian efforts for children. He established the Simon Estes Educational Foundation, which has awarded more than three million dollars in merit-based college scholarships, and the Simon Estes International Foundation for Children, which provides support for children's health and educational needs. In 2006, he led a group of six Iowa State music faculty members to South Africa to bring music instruction to the students of the Estes school in the Cape Town area. He has performed numerous benefit concerts to help combat HIV/AIDS and eliminate malaria in Africa.

Estes has taught at the Juilliard School of Music, Harvard University, Boston University, and currently is a professor at Iowa State University and at Wartburg College. Among his many awards are the Distinguished Iowa Citizen Award, the Iowan Award, and the prestigious Alumni Award of Iowa State University.

STUDENT MARSHALS

COLLEGE OF AGRICULTURE AND LIFE SCIENCES

Lauren Dunteman

Major: Biology, Summa Cum Laude

Hometown: Big Rock, Illinois

Her achievements at Iowa State include:

- studying biology in Spain
- instructing more than 1,500 chemistry, genetics and honors students
- interning as a quality management chemist with Cargill
- raising \$4,000 to fund the packaging of over 20,000 meals to fight hunger
- winning a Story County Outstanding Volunteer Award
- amassing more than 700 hours of laboratory experience including cancer research in the chemistry department

She will begin her career working in food safety and quality assurance at a Cargill facility in Michigan.

Escort: Jeanne Serb, Associate Professor of Ecology, Evolution and Organismal Biology

COLLEGE OF BUSINESS

Olivia Reicks

Majors: Supply Chain Management and Economics, Summa Cum Laude

Hometown: Lawler, Iowa

Olivia Reicks has a 3.99 GPA and is graduating with a double major in supply chain management and economics.

Olivia has been involved on campus as a Gerdin Citizenship Program Student Leader, a CyBIZ Student Consultant, and an Executive Member and National Finalist for the Supply Chain Case Competition Team.

As a Global Food Challenge Emerging Leader in Food Security at Land O'Lakes, Inc., Olivia researched transportation costs for farmers in Sub-Saharan Africa. Her research won the undergraduate Food Distribution and Research Society essay competition. Olivia will begin full-time employment with Land O'Lakes in June.

Escort: Eric Smith, Lecturer in Supply Chain Management

COLLEGE OF DESIGN

Carly Ludwig

Major: Integrated Studio Arts, Summa Cum Laude

Hometown: Carroll, Iowa

A Christina Hixson Scholar, Carly was on the Dean's List and placed in the top 2 percent of her class every semester at Iowa State. She received numerous academic and design achievement awards, most recently the Janice Peterson Anderson Senior Award.

Carly completed internships with the Iowa State Memorial Union Fine Arts Program and the ISU Design on Main Gallery. Her work has been accepted into several exhibitions, including the Octagon Center for the Arts' 2017 National All-Media Exhibition and the 2016 Iowa Arts Festival, where she received the Emerging Artist Best in Show award. Her work received both a Merit Award and a Purchase Award in the 2017 Art Inspired Juried Student Exhibition, and is now part of the Memorial Union's permanent collection.

Carly chose Joe Muench as her faculty escort because he continuously pushes students to achieve their best, believing in them wholeheartedly. He goes beyond the role of a professor by being both a mentor and role model.

Escort: Joe Muench, Professor of Art and Visual Culture

STUDENT MARSHALS

COLLEGE OF ENGINEERING

Rachel Pick

Major: Aerospace Engineering, Summa Cum Laude
Hometown: St. Paul, Minnesota

Rachel was active in many organizations including Freshman Leaders in Engineering; Women in Science and Engineering; Team PrISUm Solar Car; American Institute of Aeronautics and Astronautics; Engineering Student Council; and Tau Beta Pi.

Rachel conducted research regarding propulsion and aeronautics, and presented at student conferences and research symposiums. She also received a NASA Iowa Space Grant Consortium Scholarship.

Rachel completed internships with Textron Aviation and Rolls-Royce Corporation – she will return to Rolls Royce as a full-time engineer after graduation.

Escort: Anupam Sharma, Assistant Professor Aerospace Engineering

COLLEGE OF HUMAN SCIENCES

Raeann V. Hanlon

Majors: Apparel, Merchandising, and Design and Event Management, Summa Cum Laude
Hometown: Madrid, Iowa

Raeann's academic achievements earned her a Wallace E. Barron All-University Senior Award, and her leadership qualities shined in the President's Leadership Class.

Marked by a strong sense of purpose and a drive to excel, Raeann took every opportunity to serve her campus and community — as a Human Sciences Student Council member, a college ambassador, a state fair leader, a Fashion Show director, and sorority sister.

Raeann is graduating summa cum laude with a bachelor's degrees in event management and apparel, merchandising, and design, with an emphasis in merchandising. Raeann is seeking an advanced degree in higher education.

Escort: Ann L. Thye, Academic Adviser, Apparel, Events, and Hospitality Management

COLLEGE OF LIBERAL ARTS AND SCIENCES

Samuel Schulte

Major: Biochemistry, Summa Cum Laude
Hometown: West Des Moines, Iowa

Sam is a recipient of the prestigious Goldwater Scholarship, awarded to the nation's top students.

Sam is a published researcher and has traveled the world as an intern and fellow with the World Food Prize. He has been active in ISU Student Government, ISU Wind Ensemble, and as an ex-officio member of Ames City Council. A member of multiple honor societies, Sam is also a Wallace E. Barron All-University Senior Award recipient.

Following graduation, Sam will pursue combined degrees: a medical degree at UCLA and a Ph.D. in Biochemistry and Molecular Biophysics at the California Institute of Technology.

IOWA STATE UNIVERSITY SENIOR CLASS COUNCIL

The mission of the Senior Class Council (SCC), a committee of the Student Alumni Leadership Council (SALC), is to benefit and unite seniors through events and services while promoting an understanding of the Iowa State University Alumni Association. The 2016-2017 Senior Class Council is comprised of 10 students who are dedicated to recognizing seniors for their many achievements.

This year's Senior Class Council has planned a number of programs for seniors including both Fall and Spring Senior Weeks, where seniors enjoy special tours and free food on campus; the Senior Package, a gift set that included commemorative Iowa State items; Grad Breakfast, a chance for seniors to relax and enjoy a meal served by ISU faculty and staff; Real Life Answers, a conference for seniors to prepare them for life after graduation,

and the Senior Send-off, a year-end event for seniors at the ISU Alumni Center to celebrate seniors' transitions to being alumni! The events that SCC plans and co-sponsors are intended to be both beneficial and enjoyable for seniors.

Finally, Senior Class Council always invites you and your families to return to the Iowa State Alumni Center following the Commencement Ceremony today as you are all now Alumni of Iowa State University!

For more information on SCC and SALC programs, please visit www.isusalc.org.

IOWA STATE UNIVERSITY ALUMNI ASSOCIATION

CYCLONES EVERYWHERE

Iowa State University alumni are more than 250,000 strong. And they are everywhere...in all 50 states and 152 countries – a family united by the Cardinal & Gold. No matter if your adventure takes you far from the heartland or if you put roots down right here in Iowa, if you're a Cyclone, you're never really far from home.

Keeping graduates connected to Iowa State and each other is the No. 1 goal of the ISU Alumni Association. Through reunions, events, social media, and other communications, the Alumni Association is your one-stop-shop to re-engage with your university.

Here are six ways to continue your Iowa State adventure through the Alumni Association:

1. Connect with Cyclones everywhere through our local affiliate groups in more than 30 locations.
2. The ISU Alumni Center is your forever home. Stop by the Center (420 Beach Ave.) on your way to central campus; better yet, park at the Center and ride CyRide!
3. Take advantage of the Association's career resources, like resume reviews, webinars, blogs, and job-hunting tips.
4. Download the Iowa State Alumni App from the App Store or Google Play.
5. Stay connected with Cyclones everywhere through the online Alumni Directory – and don't forget to update your own information when you move or change jobs.
6. Become a New Grad Member of the ISU Alumni Association and receive discounts, invites to events, and more (www.isualum.org/newgrad).
